

Pyrox Wall Furnaces & Flued Gas Space Heaters

BONAIRE[®]

The leaders in heating and cooling

Pyrox Wall Furnaces

If heating only the living area of your home is what you need, then the Pyrox Wall Furnace is the solution. Designed to deliver floor level warmth, the Pyrox Wall Furnace is the ideal heater to accommodate living areas or large entertaining areas in any home.

Pyrox Deluxe Manual Wall Furnace

- Choice of two sizes to heat small or large rooms
- Choice of inbuilt or console models
- Stylish slimline cabinet
- Electronic ignition to eliminate the need for wasteful pilot lights
- Simple to operate electronic controls
- Thermostatically controlled
- Three pre-set temperature settings
- Rear register option to split heating into two rooms
- Cool touch exterior
- Direct replacement for the Vulcan Quasar wall furnace without the need for unattractive infill panel

Rear register option

Pyrox Heritage Flued Gas Space Heater

Feel the warm, cosy glow of an open fire without the mess, fuss or hazards. Your Pyrox Flued Gas Space Heater makes an attractive feature for your home, whether wall mounted or fitted into an existing fireplace.

Pyrox Heritage

- Can heat up to 80m², one of the largest in its class
- Circulates warm air to every corner through radiant and convective heat
- Fits easily into existing space of fireplace
- Thermostatically controlled
- Electronic Ignition
- Available in Natural gas only
- Available in Heritage brown finish
- Direct replacement for the Vulcan Burwood oil or gas heater
